For an experience you'll never forget, jump on board

You'll need to hang on tight as our driver skilfully weaves the jet boat through the intricate network of braided river channels, skimming along stony banks and through gushing opalescent blue waters rich with salmon and trout.

As you journey through the gorge, the wind ripping through your hair and water spraying with every carefully-calculated twist and turn, soak in the dramatic scenery. Scrub covered hills give way to towering coal and limestone cliffs, in captivating hues of grey and brown, which have been carved out over millions of years.

Spot the shags sitting atop the cliffs, poised to dive on their unsuspecting prey and marvel at the grandeur of the snow-capped Southern Alps.

We can tailor-make a jet safari for you. Whether you want a foot-to-the-floor adrenalin-pumping ride or a double trill of a heli-jet combo, or if you simply want to fish remote stretches of the Rakaia or take a jet boat photographic safari you will experience the best boating New Zealand has to offer with Discovery Jet.

Walkway Drop Off	30 Minutes	45 Minutes
Child \$35	Child \$55	Child \$75
